

Bouncy Tube Red

Hop, hop, hop: all together now

A classic game in our hexathlon collection: bouncy tubes! Suitable for kids' parties, and parties organised for your neighbourhood or village and a variety of teambuilding activities. Participants (a maximum of four in total) are sitting on the tube and have to try and bounce their way to the other side of the track. It goes without saying that walking is 'strictly' forbidden. Like the name suggests, participants have to bounce-hop in pairs, or with three or four players to make it across the finish line. Not only a wonderful workout and perfect for your coordination skills, but the main benefit is the fun it provides! The inflatable bounce tubes by JB-Inflatables are available in red and blue.
