

Crawl tunnel Red

All set? Crawl!

Hilarious and an essential part of any hexathlon: a crawl tunnel. It goes without saying they are included in your product range, because a good rental company cannot do without them. The tunnels in JB-Inflatables' collection are 8 metre long and they are available in red and blue. The principle of this hexathlon game, which is suitable for kids' parties, town events, neighbourhood get togethers and teambuilding activities - either for work or for sports teams' season preparation - is simple: all set? Crawl! The person who makes it to the other side first is the champion deserving of glory.

Please note: price is per piece!

Convenient and easy set-up

This hexathlon item is also easy to set up, which - it goes without saying - is very convenient for the people organising the hexathlon! JB supplies all products in the collection as a complete package, this crawl tunnel is no exception. This means the crawl tunnel comes with a transport bag, to make it both easy to store and effortless to transport.

Premium quality by JB and warranty (5 years)

All our hexathlon items have several reinforced tension points and are multiply stitched. These crawl tunnels are no exception; they are made of strong, high-quality PVC, which makes them durable and easy to keep clean. In addition, we provide a 5-year warranty for all items in our extensive collection and we have our own repair service.

Purchase these crawl tunnels as part of your hexathlon equipment. They are guaranteed to deliver a successful party!

JB: more than 15,000 enthusiastic responses

During the first 15 years of it being in business, JB has made more than 15,000 people around the world experience joy. Our team (designers, developers and logistic staff) create unique items. And with us you are always assured of service and a high-quality delivery! That is exactly why they tend to call us 'creators of greatness'!
